EDMONTON, ALBERTA TUESDAY, OCTOBER 20, 1936

FOUR PAGES

INTEREST CUT AFFECTS VARSITY

Excitement Negligible

In the early hours of Sunday morning a few of the occupants of the men's residences were awakened from their sleep by the explosions of fire-crackers and peered out of their windows to see a flaming cross burning on the campus. None could muster up enough courage to but those who had courage to reinvestigate this strange proceeding, main at their windows recounted the following tal.e

A rather thick-set figure in front of crossing the quadrangle in front of Athabasca residence, heading south. He stopped and flashed a light—too bright to be produced by a match, but probably a flashlight. He proceeded in the same direction, and a few minutes later a fire-baard to explode. He flashed to explode. He flashed to explode the flashed to explode the flashed to explode. He flashed to explode the flashed to explore the flas had intended to light another firecracker it was unknown, as noth-

ing was heard.

Further investigation the next morning revealed a substantially built cross about seven feet high out on the campus in front of the residences. It had been well wired to prevent it falling. Lying nearby was an empty can, which undoubtedly had contained the gasoline or coal-oil which had been poured over coal-oil which had been poured over rags tied to the cross. A large fire-cracker with a fuse attached to it was also found near the cross.

It was believed someone had tried to create ecitement in the residences, but had failed, as very few had been awakened by the noise. Dr. MacEachran, Provost of the University, when interviewed, stated: "It was undoubtedly an at-

tempted prank—not necessarily a students' prank—but a prank on somebody's part. I attach no significance to it whatever."

The Gateway sleuth who wrote

figure" prowling around with a flashlight, reveals that a fire-cracker was tossed down at him from a window in Athabasca.

Hence the conclusion that the fiery cross, fire-crackers and all was strictly a students' prank.

PERTINENT ADDRESS TO COMMERCE CLUB AT MONDAY MEETING

The Commerce Club will hold its first luncheon meeting on Monday, October 26th, at 12:30 p.m., in the Varsity Tuck Shop. The executive have arranged for a speaker, who will give a general discourse International Confederation of Studential Conf on the accounting system and method of budgetary control used by the Hudson's Bay Co. Mr. Newlands will also give an outline of the qualifications required by a gradbusiness. This topic is one of real work for peace of the many youth interest to Commerce students of organizations in Great Britain. all years. It will pay you real dividends to hear what this speaker has to say. Everybody out and get your money's worth, and put the Commerce Club over with a bang! The executive are endeavoring to arrange meetings at which the club members will be able to make some valuable contacts with overtown business men, so here is your first chance—don't miss it! Coach Jamieson Married on Campus Saturday

The chapel of St. Stephen's Col-lege was the scene of an interesting wedding on Saturday, when Rev. Dr. A. S. Tuttle solemnized the marriage of Miss Christine Mc-Gregor, daughter of Mr. and Mrs. Thomas McGregor, of Winnipeg, and Mr. John Cameron Jamieson (better known as "Jake"), son of Capt. and Mrs. W. A. Jamieson, of Ottawa.
Mr. and Mrs. Jamieson left for a southern honeymoon shortly after

The Gateway staff take pleasure in welcoming Mrs. "Jake" Jamieson into our midst, and feels confident that the student body echoes this sentiment whole-heartedly.

Mr. Bernard Ungerson, Vice-Pre-sident of the National Union of Students of England and Wales, will tied. be the representative of that organization on the visiting debating team which will debate here on November 27th. His college is the November 27th. His college is the London School of Economics, which is a constituent college of the University of London. His special subject is statistics, and as such he will be at home in "giving, gissing, specific statistics, as to the daily traffic between the Daily Graphic and the Telegraphic Office opposite"

Mr. Ungerson is an accomplished sportsman, having won his college colors in association football and cricket. He has also represented his college in such diverse sports the Gateway sleuth who wrote the above discovered late Tuesday that undoubtedly the fiery cross incident was perpetrated by a Varsity student or students.

The night watchman, who, it turns out, was the "rather thick-set lights," resulting the student of the college by the student of the college lights, and table the student of the college lights, and table the student of the college lights, and the student of the college lights are student. produced dramatic performances.

He was for two years a member of the Students' Representative Council, and represented his college on the council and eecutive of the National Union of Students. He was elected Vice-President of the national body in November, 1934, and re-elected in November, 1935. During that time his special department in the Union's work was debates, and he represented the

dents held in Nottingham in 1934 and in Prague in 1935.

Mr. Ungerson is keenly interested in the peace movement, and is now Chairman of the British Youth Peace uate desiring to go into this line of Assembly, which co-ordinates the

RABBI EISEN SPEAKS WED.

To Address Philosoph

Rabbi Eisen, well known Edmonton speaker and scholar, will speak tomorrow night before the Philosophical Society in Convocation Hall. The title of his speech will be "Seeing Soviet Russia." This summer Rabbi Eisen toured

through Europe, and while there he had an intimate glimpse of Russian life and politics. Everything points revealed that so far the figures are towards an interesting and instructive talk when Rabbi Eisen arises to address the meeting.

The Philosophical Society have a

full year planned. The program outlined is as follows:

The second speaker is Mr. J. A. Allan. His topic will be, "The Mystery of the Canadian Shield," to be given the evening of Novem-

Chicago Geographer Critic of Students

Gives Details of Interesting Career-Well Satisfied With Edmonton

By Duncan Campbell

"It is a very great misfortune that so many young men and women are attending college! Going to university is a disease, a fashion, a fad-just like checkered clothes or bobbed hair. Anyone as old as I am knows that bobbed hair is the weeds anyhow. Of course, I admit that many of these young things are very charming, but there are too many students wasting time and money in colleges in conformity to a fad."

These were the words of Wellington D. Jones, Ph.D., head of the Department of Geography at the University of Chicago, when a Gateway reporter came upon him seated on a stool in the Tuck Shop.

Dr. Jones looks about 45 years young, has a radiant personality N.U.S. against a visiting American team in the summer of 1935.

In the same year he was one of a small representative delegation of students which toured the "New Correct" as the flaky tobacco fell over his conductor of the con Germany" as guests of the German rough spiked shoes, corduroy trous-students' Association.

> Dr. Jones was the first man to receive his doctor's degree in Geography from an American university. His department is the oldest of its kind on the continent today The field of study is regional land types and the uses to which they are put.

Graduates have usually found places for themselves in the teaching profession. Recently many men have been placed in the Tennessee Valley Work and with the Soil Conservation Service in Washing-

"Pembina Bound" Enjoys Birthday

Poohs-poohs Promsicuity

Friday night was a big one for the Wauneita Society, and for one Archie Noble, freshman residence student.

It was Archie's birthday, and evidently his maties considered a celebration of sorts in order. Conse pration of sorts in order. Consequently they fell upon the unsuspecting Archie, bound him fast with white rope and dumped him without ceremony into the Pembina lounge room. Before they departed they affixed a placard upon his manly bosom, which read:

"This is my birthday—kiss me!" Then they left him, lamenting, to the tender mercies of the amazons who dwelt in that place.

However, our hero was terrified by visions of avid females bearing down upon him to fulfil that which the placard demanded. And so, harried as he was by his bonds, he fled much in the manner of a caterpillar, eventually coming to rest on the front steps of Pembina, a place of comparative safety. Once there he lost no time in

beginning to divest himself of his fetters, with the one intent to shake forever, and as soon as possible, the dust of Pembina from his person. However, before he had succeeded in freeing himself completely, a number of fellow residents had arrived. They laughed and talked about him, just as if he wasn't there listening, and this irked him greatly. The straw that broke the camel's back came when our fearless Gateway, photographer, requested that

back came when our fearless Gateway photographer requested that Archie pose for a picture. At once he tore the ropes binding him to threads, and in a voice that dispersed those watching him in an amazingly short time, he roared:

"To hell with publicity—I'll get enough out of this as it is!"

And so home and to bed muttering—"Could I stood it could I

NOTICE

Applications for the position of Manager of Interfaculty Basketball will be received up until Friday, Oct. 23, at The Gateway office. CLAIR K. MALCOLM,

Reduction of Rate By Alberta Government Slashes Income By Half

Rockefeller Donation to Medical Faculty Materially Reduced

SCHOLARSHIPS SUFFER

Reduction in the interest paid by the Alberta Government on its bonds will reduce the revenue of the University of Alberta by \$15,000 or \$16,000 per year after next year, it is adduced from the Elliott-Walker report on fiscal affairs of the

The report states that the average interest stipulated in the bonds is 4.9 per cent., and of the total the law provides that only 56 per cent. shall be paid after the current fiscal year. The University holds in its endowment fund \$723,160 of the bonds, which, assuming that its holdings call for an

average of 4.9 per cent., means that it has been receiving \$35,000 annually from this source, which will be reduced to a little less than \$20,000 next year if the law changing the contract with the investors re-

mains in force.

The Rockefeller Foundation of \$500,00, donated to the University for the Faculty of Medicine, is perhaps the largest single sum affected by this action. This amount was invested by the University in a Government of Alberta fifty-year bond which paid an annual revenue of \$25,000 at the former rate of in-

of \$25,000 at the former rate of interest. After next year this revenue will be reduced to \$12,500.

A number of amounts available for scholarships will also be affected unless the principal is increased. Hence it will be necessary that the amounts donated in different scholarships be changed in next year's calendar. This loss, of course, shall calendar. This loss, of course, shall calendar as steel was crossed by arships be changed in next years calendar. This loss, of course, shall be borne rather by the students competing for these than by the University.

This loss, of course, shall resounded to the ring and class of arms as steel was crossed by those who would fight their way to glory and favor in the eyes of their fair femmes.

ATHLETIC TICKETS

Announcement made by the Students' Union that over 800 athletic tickets have been turned in by those students at large would indicate that the optional athletics were extremely unpopular with the students.

Admittedly, the Union will lose no money on the transaction, but at the same time, by the number of tickets returned by students, it would seem that the plan was decidedly not a successful one. Even the added attraction of the inclusion of skating admissions on the tickets did not materially boost the total number of tickets retained.

Possibly the only solution to the problem would be a compulsory athletic card with a smaller fee than that pigskin long enough," whereupon he smears the the two dollars charged by the Union this year for the optional cards.

A proposal such as this is bound to draw the fire of the entire student body, but under the circumstances, it would appear that there is no other solution to the problem.

It is indeed unfortunate that such a situation exists at this University. The whole situation should be reviewed at the first general meeting of the Students' Union.

BUILDING FUND AID

Announcement was made recently that, pending final approval of the executive of the annual summer school held at the University of Alberta, a sum totalling \$650 will be set aside in the trust fund for the purpose of aiding the building fund for the oftproposed Students' Union building. Announcement has now been made that a further sum of \$500 has been given to the fund by the local contingent of the C.O.T.C.

Owing to the fact that the final ratification of the donation of the \$650 has not been given by the summer school students' council, it is up to the Council not to lose sight of this issue during the coming year, and to make proper representations to the summer school executive at the next year's summer session.

If the present rate of increase in the size of the summer sessions held at the University of Alberta is on a bat. maintained, possibly as each year passes this amount may be increased yearly, thus giving the building fund project a considerable boost.

boost to the fund, and at the same time bring force- like, 'I've got devilled kidneys, calves' brains, pig's

TOWN DANCES

The Wauneita, first major social function of the Canadian Underwriter. season, is an outstanding argument for the holding of major dances overtown.

Attended by over 450 people, Athabaska Hall Friday night was uncomfortably crowded to a point where dancing ceased to be a pleasure. Unventilated, the only means of admitting fresh air to the hall being by opening the windows at the side of the hall, with the result that the temperature in the hall shot skywards early in the evening and remained there.

Arrangements for the distribution of punch as well as the serving of lunch during the course of the evening were very bad, all this through no fault of the executive of the Wauneita Society, who have been the south end of the Calgary and Edmonton Railway, laboring for several weeks to make their annual dance an outstanding affair.

Executives of both the Sophomore and Junior classes will be faced with a similar problem later in came, not as you undoubtedly guessed from the the fall, when the scheduled Junior Prom and the Sophomore Reception are held.

Another argument still for the holding of dances overtown was the fact that when tickets for the Wauneita were sold, there was still a long line of kind of luck over the week-end when they lost the waiting co-eds who were unable to secure tickets for final decision to the Brown and Gold of Manitoba the affair. This is an unfortunate situation, but one by one point. that would be remedied if major dances were moved to the ballroom of a large downtown hotel.

Up to the present time, Council has done nothing out. It would seem that the Green and Gold brigade to solve this problem. It is unfortunate that this are in for one of the best years in the history of the lethargic attitude should exist amongst members of squad.

Typical Rugby Game, 1936

The players line up on the field with such remarks as "Willet's get started" and "Do I play halfback Irving or where?"

But finally the game gets away with a bang. And what a bang, for the Varsity team line up and Hendricks nearly all the players on the opposition. Did somebody say that Varsity used to lose practically all their games? Well, Smith as far as this one is concerned. One of the opposition tries to run-Woywitka ball, but is caught una-Wares and is pounced

"Don't look so Palethorpe the ball to me," yells a nearby friend on the run.

"Oh! yeah!" replies our fallen foe faintly, "with twenty mugs on top of me and Masson the ground, I can't even move. I wish I could get on Dobson guy myself for a change."

"What's the matter with you guys," fumes the coach of the opposition. "This makes the Thexton in the last three minutes and you haven't got anywhere THE University of Minnesota is reto speak of."

"Don't let it worry you," says the Varsity coach the North American continent. of the Golden Gate, was reached sweetly. And to a reporter, "Be sure you MacDonald Minnesota may attribute its size to from the southeast to the north by this. Smear 'em. Varsity. The Jamieson be over, the large subsidies which it rethis. Smear 'em, Varsity. The Jamieson be over. Yes, sir! Wilson have it in the bag."

The game goes on. The opposition is weakening. Duluth produces the major por- Francisco. TELLS OF ALTA. **EXTENSION WORK**

Wide Insight and Experience

(Argosy Weekly)

Mr. Corbett, new head of the Adult Education Department for Canada, addressed a small group Wednesday afternoon in the Board Room of the Library. He spoke briefly and pointedly of the work actually done in the province of Alberta. It is a genuine pleasure to hear a man speak of actual, concrete, tangible experiments in the field of adult education-of such things as 500 travelling libraries, libraries of educational films, radio stations with no advertising blurbs, of a central university "adopting" an isolated rural community. When he finishes up by speaking of "rebuilding the morale of the people," it has a definite meaning. Would that more of our lecturers had such a wide experience upon which to draw their conclusions, and could present them as clearly.

Will the person who took, by mistake, a fawn raglan sleeve Topcoat, containing the name Clyde Gilmour, Medicine Hat. Saturday night, please return \Xi

better fun. For the benefit of frosh, recall, like last month's cheque. lows: one point for each five pages torn out of a book, two points for each book taken, and five points for each book from a set. Players are disqualified if they sign for a book and are out if caught in the act of taking one. Of recent years the library staff have added interest to the sport by closing the stacks to all except a few honors students, and their latest move has been to put the reference books behind a counter. Though spice has always been given to the game by certain professors who keep large sections of the library locked in their offices the Jabberwock does not consider this cricket. On the whole, however, the changes improve the sport immensely by eliminating all competitors except a few enthusiastic amateurs and the professionals.

Adolescent Adulation

The Jabberwock still feels in elligerent mood. He only saw the tail end of the Pep Rally the other night, and that was enough to show him that it was no better than the other that he had attended last year. If "Pep Rally" in the minds of the organziers means what the dictionary says it means-"a revival of vigour"-(presumably a vigour of College Spirit), it is quite obvious that some morons actually believe the hoary axiom, that College Spirit is dead, or at least in a semi-comaose state. If they do not believe this, what in the name of Ezekiel do they hope to gain by these orgies of bad entertainment and worse singing? Cannot the rugby team speak for itself on the grid without having to be exhibited like a set of dancing bears?

The Pep Rally I attended last year was vulgar and crude in the extreme. Apart from a silly skit or two, very badly acted, the whole thing from beginning to end, was nothing but unjustified boasting and vanity. The attributes which the players were given would have made a Baron Munchausen blush; and as events turned out, after every game the whole University did. The whole thing was the most unmixed, thick-skinned and coarse boastfulness that it has ever been my misfortune to unwillingly hear.

But maybe, someone says, "Col-lege Spirit is dead." Of course, no one except the sponsors of the Pep Rallies would believe him, but I

FRESH INTERESTED

IN BOXING CLUB

Sixty young huskies, followers of the pugilistic art, have arranged themselves under the expert guidits events year after year with such ance of Wally Beaumont, coach of a handy margin. All the credit must the Boxing Club, and are gathering twice weekly in St. Joseph's gymnasium to practice battle tactics and manoeuvres in front-line defense.

The membership this year is the largest since the formation of the club in 1933, and according to the coach when interviewed recently "This is the toughest bunch yet and there are some Freshmen who can really hit." The members are mostly Freshmen, who are enlisted in a beginners' class, while former pupils are given more advanced inhave to do to make the trip to struction. Only three from last Vancouver is to beat the Bronks in season's Varsity team, which clean-Calgary. This going to be a big ed up against Saskatchewan, have cies, as further training and work-

the first set. In the final set Bill Stark struck his form, trouncing the Saskatchewan player and winning the match.

The women's doubles of Alberta were too strong for the Saskatchewan lassies, outplaying them ni two straight sets 6-4, 6-2.

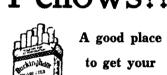

The men's doubles took their match handily, although they were forced to three sets, Stark and Forhan taking the match 6-4, 4-6, 6-0 from Sands and Humphries.

The mixed doubles was a repetition of previous games. Barbara Jarman and Bill Stark were much too powerful for Sands and Bennett, winning in straight sets, 6-2, 6-4.
